101 DEAD-134 INJURED IN KNICKERBOCKER CRASH

OLD SOL AIDS IN REMOVAL OF BIG SNOW

Small Sized Army of Men Engaged in Opening Streets

CITY COUNCIL ACTS

Traffic Resumed Today Between Here and Washington—Work Started Yesterday

This city today is slowly recovering itself from the effects of the big snow storm. By noon traffic was being opened up and trains and busses were running on a fairly regular schedule. Hundreds of snow shovelers are out and old Sol helped greatly to facilitate their work. By nightfall a majority of the streets will be opened and conditions greatly improved, which have been demoralized since Saturday.

The city has put several hundred men to work clearing the snow from the streets and making an opening in all of the streets for fire apparatus and traffic generally. Approaches to all fire plugs have been cleared of th snow, so that in the event of fire the apparatus will not experience any difficulty in getting to the fire hydrants.

Fire Chief E. C. McDermott and William Desmond, chairman of the fire committee of city council, and Norman Roberts, president of the Columbia Fire Company, were on the job supervising the work of opening up passageways to the fire plugs in the heart of the business section of the city and also at other points.

The work was begun yesterday and a force of men worked most of the night on the task, so that this morning a passageway had been made on King street, from end to end.

Prompt action to clear away the snow was taken at a special meeting of the city council held yesterday afternoon at 3 o'clock, which was called by Mayor J. M. Duncan. At this meeting a resolution offered by Councilman Ruben authorizing the mayor and city engineer to remove snow, open streets for the fire department and safety of traffic and apportioning sufficient funds for four days' work was adopted. It is a blanket resolution and does not specify any designated amount, but the amount will be determined at a special meeting of the city council which will be held at 8 o'clock Wednesday night.

Before the city council met, a big force of men were on the job under the city engineer engaged in the task of clearing away the snow and making way for traffic. A big tractor was put into operation and beat the snow down on many streets so as to open the way for traffic.

Firemen joined in the working force and greatly aided in the task of clearing off the snow. On King street a good bit of the snow at the crossing was dumped into the sewer and a plug stream was used to wash it down.

Horrified over the awful catastrophe at the Knickerbocker Theater, Saturday night, hundreds of persons yesterday cleared off their roofs, the snow at times being threatening to pedestrains, and a number of persons had narrow escapes from serious injury as a result of snowslides from roofs in various parts of the city. No one, however, was reported seriously injured.

Hundreds of persons yesterday paraded King street and watched the snow shovelers at work, and also the clearing of the many roofs of business houses of snow.

The first electric train since Saturday endeavored to make its way to Washington about 6:30 o'clock last night. It jumped the track at Four Mile Run and subsequent trains that followed were compelled to return to Alexandria. A few hours later, however, the train was put back on the track and traffic was resumed over that time The Alexandria Motor Bus Line was the only means of communication between the two cities, although a number of persons whose business was urgent in Washington caught steam trains. Several hundred Alexandrians were stranded in Washington Saturday and the marooned citizens did not reach the city till yesterday afternoon.

Saturday night King Street presented a scene of desolation. Only those persons compelled to be out were on the streets and pratically all communication with the outside world was cut off. There was anxiety in many families over the fact that members did not return home.

According to reports at least 100 citizens walked all the way from Washington to this city Saturday night rather than be marooned overnight in Washington.

Approximately 150 Alexandrians came home Saturday night on the Norfolk steamer. Most of the stores closed early Saturday night, there being few customers about. Many of the stores that usually remained open till 11 o'clock at night, closed at 6 o'clock Saturday evening in order that their employees might be able to get home.

Many motor vehicles that endeavored to get through since Saturday are out of commission and among them were many bread and milk wagons. The hauling in of such vehicles has been in order since Saturday.

The delivery of milk and bread to this city was made today although it was not on schedule time.

Nine trains from the South, Saturday night, were tied up north of Alexandria. Many of the passengers deserted the trains and made their way across to the Alexandria-Washington pike and boarded busses for Washington.

WASHINGTON DAY BY DAY

(From our Special Correspondent.)

Washington Jan. 30.—A drive in Virginia against bootleggers and illicit stills was started today by the United States prohibition office. Royal A. Haynes, prohibition commissioner, flanked by a number of his trusthworthy agents, left Washington for the Old Domnion in which territory they will endeavor to bring to time violators of the "dry" act.

Haynes, for some time has been receiving reports to the effect that vast majority of the bootleg liquor which has found sales in Washington, has been brought into the District from North Carolina and Virginia.

It has been reported to Haynes that over 100 automobiles are operating between North Carolina and Virginia and then into the District carrying large quantities of corn liquor and other intoxicating stuff. Another ring of bootleggers. it has been reported, are operating up through the Shenandoah Valley.

Haynes is determined that the source of supply in North Carolina and Virginia coming into the National Capital shall be cut off. That is why he is going to take personal charge of the situation in the immedate south.

General John J. Pershing assumed personal command of the rescue work and with the aid of a hundred soldiers, marines and police, he brought order out of chaos in short time. Before the arrival of soldiers from Walter Reed Army Hospital with stretcher bearers, and men from the Marine Barracks with acetyline torches axes, and "jacks," the police and firemen were awe-stricken by the sight of the catastrophe and could accomplish nothing worth while

Scores of relatives and friends of persons caught in the crash, made frantic by the slow work of rescue and their delay in making identification, swarmed about the exits of the theater as well as the Christian Science Church a half block away, which was turned into a morgue and hospital. The scenes in the basement of the church were indiscribably pathetic, with doctors internes and nurses of the Red Cross, working frantically to revive the injured.

President Harding is deliberating over the invitation which has been extended to the United States to take part in the forthcoming economic conference at Genoa. He finds that the problem is a very perplexing one. His Secretary of State and his Secretary of the Treasury are opposed to the acceptance of the invitation while Secretary of Commerce Hoover is in favor of participating under certain conditions. The Administration, in view of the questions involved in the settlement of the arms conference is not disposed to take upon itself further international complications with the result of arms conference still in doubt, President Harding and his chief advisor are loath to take upon themselves any further international exigencies.

The Washington police today were concerned with an apartment house mystery in which a young woman was found dead in the badly confused bedroom. A checkbook found among the woman's effects disclosed that last Thursday she had made a deposit of $3,000 in a local bank while the police discovered an assortment of valuable jewels. At the time of the Knickerbocker Theater crash late Saturday night, the police were searching for a prominent man about town, who was reported to be the young woman's benefactor, and who it was supposed, could throw some light on the cause of her mysterious death. The police were inclined to suppress any information concerning the cause of the young woman's death except to admit that her apartment evidenced a state of confusion possibly, the result of a battle. Further details of the mystery were submerged by the theater tragedy, and no new developments were forthcoming.

PRELATES SAY NEW POPE WILL BE AN ITALIAN

Cardinal Mercier Says Against All Tradition to Elect a Foreigner

EARLY ELECTION

Expected that Conclave Will Reach Decision Soon Without Sharply Drawn Contest.

Rome, Jan. 30.—The two hundred and sixty-first Pontiff of the Roman Church will be elected by Saturday next, according to the consensus of opinion as expressed by the prelates arriving here with the Cardinals attached to the conclave, they expect that the decision will be reached on the third or fourth ballot. The opens on Thursday, and from present indications the work of electing a new Pope will be carried on expeditiously.

"I do not anticipate a sharply drawn contest, which some predict," said a prominent English ecclesiastic today. "Although there are naturally divergent views among the Cardinals, these differences are not irreconcilable, and I am confident that the Sacred College will be able to agree upon the successor of Benedict in a relatively short time."

American and English church dignitaries consider it a certainty that the choice will fall upon an Italian. They believe that the best chances lie with Cardinals Maffi, Ratti, Lega and La Fontaine.

A prominent English prelate, who asked that his name be withheld, said it would be a great mistake to elect a foreign Cardinal, as that would lend to disappointment and dissatisfaction among countries like the United States, Great Britain and France, all of whom probably felt that they merited high office, whereas the selection of an Italian would be acceptable to all.

This church official expressed the opinion that the new Pope would continue the policy of Benedict XV in the relation with the Quirinal, but would be careful to observe the complete independence and dignity of the Vatican. He added:

"The Vatican should be neither the subject nor the guest of any government, but should be scrupulously neutral and unhampered."

Neither France Spain nor Austria, he asserted, would attempt to exercise the right to veto the conclave's choice, which these countries have heretofore enjoyed.

The next Pope is certain to be an Italian, Cardinal Mercier, Primate of Belgium said.

"There is no need to indulge in vain conjectures or to count the votes in advance," said the Cardinal, "but one must wait the decrees of providence, and providence for the past five centuries had ruled that the Supreme Pontiff should be an Italian."

The distinguished Belgian Prelate did not concur in the opinion that has been freely expressed in Vatican circles that "never has a foreign Cardinal had such a chance of being elected Pope."

"It is against all tradition that a foreigner should be elected," said the Cardinal. "The next Pope certainly will be an Italian."

It was suggested that the last foreign Cardinal to the Supreme Pontification was the Archbishop of Liege. "undoubtedly you have heard, your eminence, that the name of another Belgium Cardinal is being prominently mentioned for the coming conclave," he was told.

"Oh, you must not think of that,' replied Cardinal Mercier. "You must not believe it. It is preposterous. I never thought of that before. Providence will decide.

Killed in Theatre Crash

D. K. Jackson Was Brother of Rev. Dr. E. B. Jackson of This City

Among the victims of the Knicker bocker Theater was Daniel K. Jackson, 2701 Connecticut Avenue. Washington, brother of Dr. E. B. Jackson. of Alexandria, pastor of First Baptist Church, of this cty. His body was found in the ruins yesterday afternoon.

The deceased was a native of Front Royal, Va., and was engaged in the real estate and brokerage business in Washington. Besides his wife he is survived by three brothers and a sister as follows: Mrs. Marion Dorset, Washington; Dr. Virgil B. Jackson, Washington, E. Hilton Jackson, an attorney, all of Washington, and Rev. Dr. E. B. Jackson, of Alexandra, and several half sisters and brothers. Dr. Jackson today is in Washington arranging the funeral plans. The many friends of Dr. Jackson extend their sincere sympathy to him in his bereavement.

AT RICHMOND LEGISLATION

House Proceedings

Richmnd Virginia, January 29, 1922.

The House was called to order at 12:05 o'clock and prayer was offered by Rev. W. C. Hoover, delegate from Rockingham County, who asked that " We be given wisdom and breadth of mind, and that feeling that we are our brother's keeper."

The Speaker recognized Senator Mapp, who announced that the Senate had receded from its section on amendments to House bill No. 36, relative to increase in the salary of judges.

Senate communications on measures were read, and Clerk Williams announced reports of several committees to which bills had been referred.

A letter was read from Mr. and Mrs. Woodrow Wilson, announcing receipt of the invitation to attend the inaugural ceremonies on February 1, and regretting that they cannot be in attendance.

Delegate Marvin Smithey chairman of the joint committee investigating State offices with the view of merging or abolishing those that are "useless," asked that the joint resolution offered on Friday be passed, giving the committee greater authority in conducting its work. After discussion, the resolution was adopted.

Constitutional reading of Senate bill No. 23 was dispensed with, and the measure, which provides for the Thirty-third Judicial Circuit in Wise County, was passed 72 to 0.

The calendar was called, and House bills 16, 17 and 18 were passed.

Numerous local bills were passed to their engrossment and third reading, the House adjourning at 2:30 o'clock until Monday at 12 o'clock noon.

Senate Proceedings

The Senate was called to order at 11 o'clock today by President Buchanan with prayer by the Rev. George W. McDaniel D. D. From the House came the message of noncon currence in the Senate resolution amending the bill affecting the salary of the judge of the Fifth Circuit whereby the salaries of all court judges was fixed at $3,600, and placing the salary of the judge of the First Circuit at $4,000. The Senate then receded from its previous action.

The calendar was called, and several measures were advanced and at 12:15 the Senate adjourned to Monday at noon.

VICTIMS OF CRASH

Thomas Fleming and Son and Daughter Former Residents of Alexandria Killed

Three fromer Alexandrians were killed in the crash at the Knickerbocker Theater Saturday night. They are Thomas B. Fleming, about 70 years old, and his daughter, Miss Mary Lee Fleming twenty-four years old and a son, John Patton Fleming, thirty-one years old. They all lived at 1861 Wyoming Avenue, but moved away from Alexandria many years ago.

N. W. Morton Dies

Body of World War Veteran to be Brought Here From Des Moines, Iowa.

Norman W. Morton, twenty years old, son of Mr. and Mrs. John E. Morton of 313 North Pitt street, this city, died Saturday night in a hospital in Des Moines, Iowa.

The deceased was a world war veteran and served ten months overseas with the 4th Field Artillery. The body will be brought here and taken to the home of his parents and prepared for burial. It is expected it will reach here Wednesday. The funeral arrangements have not been completed.

Fire Apparatus Stuck

Defective Flue at St Paul's Church Cause of Alarm

Fire apparatus at 10.30 o'clock yesterday morning responding to a fire alarm at St. Paul's Church got stuck in the snow when within a square of the church. The blaze was due to a defective flue and was quickly extinguished with chemical extinguishers. Snow knocked part of the chimney off and caused it to become clogged.

Bible Thought for Today

Trust in the Lord, and do good; so shalt thou dwell in the land, and verily thou shalt be fed.

Commit thy way unto the Lord; trust also in him; and he shall bring it to pass.—Psalm 37:3, 5.

EXPLORER DEAD IN DASH TO SOUTH POLE

Sir Ernest Shackleton Suddenly Stricken With Angina Pectoris

FAMOUS SCIENTIST

Body Arrives at Montevideo Uruguay on Norwegian Steamer Enroute to Europe.

Montevideo, Uruguay, Jan. 29.—Sir Ernest Shackleton, the British explorer died Jan. 5 on board the steamship Quest, on which he was making another expedition into the Antarctic regions.

Death was due to angina pectoris and occurred when the Quest was off the Critvicken Station.

The body was brought to Montevideo on board a Norweglan steamer, and will be taken by another steamer to Europe.

Captain L. Hussey, of the Quest, will accompany the body home. Professor Gruvel and the other members of the explorer's party will continue the expedition.

Sir Ernest Shackleton was born in 1874. He was a third lieutenant in the British National Antarctic expedition in 1901, and in 1907-09 commanded an expedition which got to within ninety-seven miles of the South Pole. He made his third quest of the Pole in 1914.

The expedition in which he was engaged when he died was to have covered 30,000 miles of unchartered sections of the South Atlantic, the Pacific and the Antarctic Seas.

On board the Quest, a little 200-ton ship, Sir Ernest set sail from England last September on what was to have been a two-year voyage. Large crowds gathered on the docks in London to wish the party a successful voyage.

The voyage had as its objective not only oceanographic research, but the exploration of a petrified forest and the location of a lost island—Tuanaki — adjacent waters of which had not been sailed for more than ninety years. In addition soundings were to have been taken of the ocean plateau surrounding Cough's Island, in an effort to determine the truth regarding a supposed underwater continental connection between Africa and America

Sir Ernest for his distinguished services was made a knight in 1909. Various societies throughout the world honored him for his work.

The Endurance was in the English Channel, August 4, 1914, when the World War began. Sir Ernest offered the aid of the expedition to Great Britain, but the British Admiralty replied that their services would not be required, and, although several members of his staff rejoined their regiments, the vessel sailed. King George, who was deeply interested in the mission, sent Sir Ernest a message of God speed and also a flag, with the expressed hope that the explorer would carry it across the South Polar Continent.

Sir Ernest married in 1904 Emily Mary, daughter of the late Charles Dorm, an old resident of Sussed. Two sons and a daughter were born of the union.

Available maps do not give Gritvicken Station, where Shackleton was reported to have died.

The Quest left Rio Janeiro December 18 for South Georgia Island, which lies off the east coast of the southmost portion of South America.

Sir Ernest was an Irishman. He was educated at Dulwich College and after graduation went to sea, choosing sailing ships. It was in 1906 when the little voices called him to the South Seas and he organized the expedition to the South Pole which brought him his greatest fame. It was on this expedition that he discovered the South magnetic pole. On the trip Shackleton reached a point nearer the South Pole than ever had been attained by any other explorer.

His 1914-16 expedition was prolific in valuable geologic and scientific surveys.

The ship Endurance, on which Shackleton made the voyage, was crushed in an ice floe, in October, but drifted until midwinter, when the explorer and his party made a landing on Elephant Island, in the South Shetland group. Shackleton, in a small boat and with a company of five men, left Elephant Island for Port Stanley, in the Falkland Island, seeking aid for the twenty-two men who had been left behind. Ultimately the entire party was rescued.

Caught Like Rats In Trap When Roof Gives Way

It Is Estimated There Were About 300 Persons In Theater At Time Of Catastrophe

RUINS STILL BEING SEARCHED

Most Terrible Tragedy Washington Has Ever Witnessed —Scene Beyond Description—Many Nationally Known Persons Among Victims—Churches and Homes Converted Into Hospitals—President Harding Expresses Grief—It Is Believed All Of The Bodies Have Been Gotten Out—Investigation Will Be Made.

Washington, D. C., Jan. 30—With 101 dead and approximately 134 injured up to 3 o'clock this afternoon. Rescue workers today are still searching the debris of the Knickerbocker Theater a moving picture establishment at Eighteenth and Columbia Road for more victims, as a result of the roof of that structure crashing in Saturday night.

The work of rescue was begun a few minutes after the roof, with its three feet of snow caved in. Its immensity was not at first realized. Soon after the accident happened a big force of firemen, soldiers, police and civilians were on the scene. The roof of the big playhouse had caved in, leaving ruin and desolation. The 300 odd people in the theater who were enjoying a picture entitled "Get Rich Quick Wallinford," were caught like rats in a trap, never having a chance for their life.

The scenes that followed the crash were heartrendering. An attempt to describe them would be beyond imaginatoin. The Christian Science Church nearby was turned into a temporary morgue and nearby houses were converted into temporary hospitals. Red Cross nurses were soon on the scene and before long the workers got under way in organized fashion. Priests and preachers were on the scene and in the building, giving aid to the dying and injured.

Practically every physician in northwest Washington was summoned and gave what aid they could. The rescue work was more difficult owing to the fact that the workers had to cut through a mass of wire and steel, the wire being from the ceiling for the plastering.

Thousands of persons soon lined the streets surrounding the theater, but that area quickly was roped off. It was with the greatest dificulty that the police and volunteers kept back the crowd, bent upon entering the theater. Persons darted here and there frantically appealing to learn if some relative or friend had been taken out. The scene was indescribably. This was kept up all night as the snow fell, and yesterday thousands of spectators lined the streets adjoining the theater and watched the rescue workers bring out body after body. Most of the dead and injured were gotten out of the theater by 10 o'clock yesterday morning.

In the audience were some of the most prominent people in the country. Among the list of well known persons who met death were: Guy S. Eldridge, of Salt Lake City, a brother-in-law of Senator Reed Smoot; A. J. Barchfield, former U. S. Representative from Pittsburg, Pa., and Miss Barchfield; Chauncey C. Brainerd, correspondent of the Brooklyn Eagle and once its assistant managing editor, and Mrs. Brainerd; Louis W. Strayer, Washington correspondent of the Pittsburgh Dispatch; Naval Constructor O. G. Hughes, Howard G. Knessi, vice-president of the Semmes Motor Company, and Colonel and Mrs. Charles C. Tucker.

The sad story of four out of a family of five killed in the tragedy was presented. Those killed were Mr. and Mrs. Oscar G. Kanston, their daughter, Helen Dorothy, aged 13, and another daughter, Anlyn, aged 7. The only one that escaped was their son, Grant. Mr. Kanston was from Chicago, and was connected with the Bureau of Valuation of the Interstate Commerce Commission.

In connection with the Knickerbocker Theater tragedy, President Harding yesterday said:

"I have experienced the same astounding shock and the same inexpressible sorrow which has come to all of Washington and which will be sympathetically felt throughout the land. If I knew aught to say to soften the sorrow of hundreds who are so suddenly bereaved, if I could say a word to cheer the maimed and suffering, I would gladly do it. The terrible tragedy, staged in the midst of the great storm, has deeply impressed all of us and left us wondering about the revolving fates."

A sweeping investigation into the disaster will be made. Coroner Ne-

(Continued on page 2)

TO PROBE EVERY DIVORCE CASE

Committee Rejects Resolution to First Investigate Cases of Committeemen

The first meeting of the committee of seven chosen by the Alexandria Bar Association to investigate divorce conditions in this city was held at 4 o'clock Saturday afternoon in the Corporation Court room, Howard W. Smith, chairman presiding.

After deciding that all meetings of the committee held be open to the public, a resolution was offered by Mr. Carlin to investigate first all divorce cases brought in Judge Moncure's court with which any member of the committee was connected. The resolution provided that no member of the committee should sit during the consideration of any of his cases and called for a report to the Bar Association before proceeding with the investigation of all other divorce cases.

Mr. Carlin stated he offered the resolution because he thought the committee ought not to set about investigating other people until its own skirts were cleaned of whitewash.

Messrs. Barley, Caton, and Smith spoke in opposition to the resolution on the ground that it would appear as if the committee were endeavoring to whitewash itself.

The resolution was finally rejected for want of a second.

A motion by Judge Barley to tabulate, under the names of the different attorneys, all divorce cases brought in Judge Moncure's court was unanimously adopted. Messrs. Caton, Carlin and Smith were named a sub-committee of three to do this work and to make a synopsis of each case. The sub committee was instructed to report progress at the next meeting of the committee to be held Feb. 4th, at which time a date will be set for the commencement of public hearings on particular cases.

It was generally conceded that the divorce laws should be amended so as to prevent the establishment of fake residences. A motion by Mr. Caton was adopted that a sub-committee be appointed to obtain copies of all bills relating to divorce now pending in the State Legislation and to draft a bill which will meet the views of the committee. Pending the passage of such a bill, Judge Moncure is to be requested to put the same into effect by a rule of court in so far as he may legally do so.

Messrs. Barley, Nicol and Norton were named on this sub-committee.

The committee laid on the table a resolution offered by Mr. Carlin that witnesses appearing before the committee be warned that any statement they might make might be used against them and that they might refuse to answer any question.

It was the sense of the committee that the members refrain from giving out newspaper interviews during the investigation

The full membership of the committee attended as follows

Howard W. Smith, chairman; J. Randall Caton, Jr., secretary; Judge J. K. M. Norton, Judge L. C. Barley, Judge C. E. Nicol, Gardner L. Boothe, C. Keith Carlin.

Norfolk—D. C. Carr auditor of the Norfolk city school board, has been dismissed. No explanation is given the public by the school board for its action. Dr. C. R. Grandy, president of the board, today stated that the date of Mr. Carr's retirement from the school board post will be effective January 31.

V. P. I. GOLDEN JUBILEE

The Gazette acknowledges with pleasure the receipt of the latest Bulletin of the Virginia Polytechnic Institute, of the State Agricultural and Mechanical College at Blacksburg. The number is entitled a Service Number, and substantially supports its claims. About two thousand students have received instruction at this admirable institution during the past year, 93 per cent of whom were native Virginians.

The Institute is one of the most valuable agencies in the upbuilding of our state. The practical importance of the work performed can hardly be overestimated. For instance, in one day's mail alone, there came fourteen letters seeking assistance. Among them, one requesting analysis of soil and recommendation as to how it could be improved; one containing an unknown bug working harm to crops, with request for advice as to how to exterminate it; one with a request for advice in purchase of a farm; three asking for serum for black-leg in stock; another letter stating that a certain large firm will employ all the engineering men in a certain line that the Institute could supply; another from a state college asking for an expert to advise as to its electric power-plant; another requesting the Institute to send ten draftsmen at once; still another, asking for a young man as farm manager. And so the daily mail goes on each day with requests and petitions for advice and counsel and help.

It is estimated, and with entirely reliable accuracy, that the value of the extension service of the College for 1920, to the State of Virginia, was $1,625,831; while the cost to the State was only $147.751.

The Experiment Station alone, in our opinion, is worth the entire cost of the College to the people. Yet since its establishment in 1888, only 27 per cent of the cost of its maintenance has been paid by the State, the other 73 per cent coming from the Federal Government. The service performed by the College for the farmers is inestimable, and it is encouraging to note that their demand for its assistance is constantly increasing.

An analysis of the actual benefits derived would be astonishing to the average Virginian. For instance, do you know that the average yield of corn in the State has been increased from 24 bushels per acre in 1910, to 28 in 1921? That the average yield of oats has been increased in the same period, from 20.2 bushels to 23.2 bushels per acre? That the average yield of white potatoes has been increased from 77.8 bushels to 108.5 bushels per acre? The average yield of sweet potatoes from 96 bushels to 116.8 bushels? The average yield of hay from 1 to 1.33 tons per acre? Do you know that Virginia has made greater gains in the average yield of corn, oats, potatoes and hay, than either of the states of North and South Carolina, Georgia, Alabama, and Mississippi? Do you know that the Old Dominion leads all of the states in the Union in the number of farmers enrolled in the Pure Bred Sire Campaign? That your State is the leading dairy State in the South? That she is the leading apple-producing State in the South and the fourth in the United States? If you do know these things, do you know why? The answer is simple and easy. Because of the Virginia State Agricultural College!

And yet our State is somewhat niggardly in its treatment of its State Agricultural and Mechanical College. The minimum set by the U. S. Bureau of Education as the per capita cost of instruction in state colleges, is $300. Yet we allow only $210. Nevada votes $523; South Dakota, $468; Arizona, $401; Washington, $290, and Iowa, $271. Do the boys of Virginia deserve less than those of Iowa, Arizona, Washington and Nevada? We answer, they deserve at least as much and ought to have it.

Another thing, we pay our professors at the Polytechnic Institute $3,600 per year, while those of Arkansas, Arizona, Kentucky, Tennessee, Oklahoma, Texas, Illinois, Michigan, and other States, receive from $4,000 to $8,000 per year, for precisely the same services. The assistant and associate professors are remunerated on the same low comparative scale.

We hope the present legislature will take cognizance of all these things and be wise enough to increase the appropriation commensurately with the importance of the institution. We have shown where the returns were over a million dollars, net, to Virginia, in the year 1920. If we did what we ought to do, and made our State Agricultural and Mechanical College the leading one in the South, if not the United States, the State could reckon its gains by tens of millions each and every year. This is a matter of cold mathematics and not of guess-work. Will our legislators have the vision to see this? We shall certainly urge our representations from the Eighth District to do their duty at the present session and vote a generous appropriation.

ADVERTISE

(By George H. Hayden.)

If things don't look just right to you
And sales are on the bum
Wine off that frown, bring on the smile,
Don't be so doggone glum!

There ain't no use in whining
And wishing things were bright,
For the only way to get success,
Is to buckle down and fight.

The man next door is making sales,
And its just because he's wise,
To the fact that sales come to the men
Who go out and advertise.

So get right down to business,
Pack a wallop in each fist,
Advertise strong and wisely,
And the money won't be missed.

For what is spent to advance your name,
In nineteen-twenty-two,
Will be repaid a thousand fold,
By bringing sales and fame to you.

Wytheville—Little Miss Eleanor Summer had a painful accident on Sunday while en route to Sunday School. She, with her father and Mr. J. L. Gleaves, were passing down Main street near the Virginia house when Mr. Gleaves' dogs, which were following, ran up, tripping her with the chain and throwing her backward, her head striking the pavement. She is getting on very well and will be out in a day or so.

Frantic Relatives Watch Rescue Work at Knickerbocker Theatre

(By Courtesy of The Washington Herald)

Crowds of anxious relatives and friends of imprisoned men, women and children in the debris of the Knickerbocker Theater which collapsed Saturday night are pictured here. The curious and frantis onlookers were held at a distance safe from any possibility of danger from a collapse of walls of the building, by soldiers and fire and police reserves. Debris removed from the ruins of the interior of the theater may be seen piled along side of the building. The huge planks and beans were removed from above the imprisoned and in many instances, crushed victims. The picture was taken on Columbia road looking toward Eighteenth street.

Caught Like Rats In Trap When Roof Gives Way

(Continued from page one)

vitt will conduct a coroner's inquest, and it is expected there will be a congressional probe of the tragedy.

Maj. George Patton, U. S. A., from Fort Myer, yesterday was given charge of the labors of rescue. He immediately detailed three shifts of 150 men each to probe the steel and concrete-cluttered floor with the tipsy walls, standing stark against the sky with the effect of stage properties, hollow and unsupported. The implements that were pitifully lacking Saturday night, oxy-acetylene welders from the navy yard were brought to bear upon the tangled girders and metal netting of the plaster ceiling.

Beneath the fierce flame of 6,400 degrees Fahrenheit the forgings and castings charred and broke and the pieces easily were lifted from the hitherto firmly-caged bodies and injured persons. The navy yard also furnished carbide lights which pierced lividly the recesses of the calamitous heaps of masonry and metal.

Deeds of heroism that followed the awful crash are just coming to light and some of those persons in the theater, despite the fact that they were in a panic, soon recovered and did great rescue work, especially in giving succor to the women and children. Those who escaped from the place declare it was one of the most horrible scenes they ever witnessed, and one that will never be forgotten by them.

Seven members of the orchestra of the theater were snowbound Saturday night and did not reach that place. Six out of the eleven who were present were killed.

Other theater disasters, in which the lives lost numbered from 23 to 700, are as follows:

Banquet, Oporto—date, 1888; lives lost, 200.
Bologoe, Russia—date, 1911; lives lost, 120.
Carlsruhe, Petrograd—date, 1847; lives lost, 200.
Conway's Brooklyn—date, 1876; lives lost, 295.
Exeter, England—date, 1887; lives lost 200.
Flores, Acapulco, Mexico—date, 1909; lives lost, 250.
Iroquois, Chicago—date, 1903; lives lost, 575.
Italian Hall, Calumet, Mich.—date, 1913; lives lost, 72.
Lehman's, Petrograd—date, 1836; lives lost, 700.
Opera Comique, Paris—date, 1887; lives lost, 75.
Rhodes, Boyertown, Pa.—date, 1908; lives lost 170.
Ring, Vienna—date, 1881; lives lost, 640.
Valence-Cur-Rhone, France—date, 1919; lives lost, 80.
Villareal, Spain—date, 1912; lives lost, 80.
Canonsburg, Pa.—date, 1911; lives lost, 26.
Front Street Theater, Baltimore—date, 1895; lives lost, 28.

Newport News—That the Associated Charities and other charity organizations in the city are to be thanked for the scarcity of crime is the opinion of Mayor P. W. Hiden, City Manager L. G. Thom and Chief of Police C. M. Campbell. There has been less crime here in the past two weeks than was generally expected in view of the unemployment. "When a man knows that the city will not let him and his family suffer he is going to do his level best to merit this aid" is the way these officials view the situation.

THE DEAD

Barchfeld, A. J., former representative in Congress, from Pennsylvania, 1945 Calvert street.
Barchfeld, Miss Helena, daughter of former Representative Barchfeld.
Beal, Joseph W., 148 Chapin street.
Bell, Archie, 2111 Bancroft place.
Bikle, William G., 1639 Nineteenth street.

Shea, Dr. James F., 1919 Calvert street.
Knessi (son of Howard W. Knessi), 5201 Colorado avenue northwest.

WHY DO THEY LIKE THIS MAN?

It is Because He Has the Life and Energy That Red Blood Gives

He has a good color. He is strong and virile, and looks it. He is good humored. He laughs easily. In short, he is "full of life," which is simply another way of saying he is full of red blood. If you are weak and run-down and nervous, don't sleep very well and have a poor appetite to your druggist and buy a few bottles of Gude's Pepto-Mangan and take it for a few weeks at meal-time. See how it will build you up by giving you plenty of good blood. Don't drag around half sick and half well. Get some "pep" into you by taking Pepto-Mangan. Sold in both liquid and tablet form. CITY NEWS IN BRIEF

The Allison W. C. T. U., meeting has been postponed until Monday night of next week.

Mr. and Mrs. Charles F. Holden have returned from Philadelphia, where they spent the week end at the Bellevue Stratford.

Mr. Charles S. Luck, Jr. of Richmond, but more recently of Alexandria spent the week end in Staunton, and Lexington, Va.

Miss Ruth Gordon has returned to her home in Richmond, after spending some time with her aunt, Mrs. Lunn, at the Theological Seminary.

Miss Hilda Schneider has returned from Lexington where she went last week for the hops at Virginia Military Institute.

The social and entertainment to have been given by Martha Washington Chapter, O. E. S., tomorrow evening, has been postponed until a later date.

The Gym classes will be held as usual today in the Westminster Building and Secretary Wallace states that he hopes this "little snow" will not keep any of the members away.

A meeting of the Woodrow Wilson Foundation will be held in the Chamber of Commerce rooms Thursday night, February 2.

Mr. and Mrs. S. J. Harron, of North Braddock announce the birth of a fine daughter at the Alexandria Hospital January 27.

Dr. John Lee Allison addressed a large group of men in the Westminster Building yesterday afternoon. This was the third of the series of Sunday afternoon undenominational services for men under the auspices of the Westminster Bible Class.

The card party and dance which was to have been given Friday, February 3, by the Mary Custis Lee-17th Virginia Regiment Chapter U. D. C., has been postponed to Friday, February 10.

Sam Bradley, the old colored man who tried to make his escape from the Alexandria Hospital Friday night, is reported as being none the worse off for his escapade, although his flight was made bare footed and in light apparel. He was suffering from frost bitten feet and it is said that snow is one of the best remedies for this ailment.

The regular weekly meeting of Oriental Lodge, No. 6, Knights of Pythias, will be held tomorrow night in Pythian Temple, Cameron street.

Miss Lillie Plitt, of 121 Harvard street while crossing the street Saturday, was knocked down by a bus and painfully hurt on the head and shoulder. Her injuries are not serious, however.

The Gazette has heard from numbers of people complimenting the buses for their invaluable aid and assistance the past few days. The bus employees were certainly heroes during the blizzard and helped many a struggling wayfarer in the deep snows to his destination, or at least a part of the way. Some of the travelers say that there was actual danger of loss of life in several instances, and that the bus chauffeurs spared no effort to pick up the pedestrian. Certainly, without the buses, travel between Alexandria and Washington would have been rendered impossible to thousands of those whose duties required their presence in the capital.

All who so generously sent articles to the Loan Exhibit at Christ Church Parish Hall and who were unable because of the inclement weather to call for them, are notified that they have been moved by Alexandria Light Infantry to 606 Cameron street, where they will be delivered to the owners upon a full description and credential.

Many complaints are coming in to the Gazette concerning the laxity of the citizens in cleaning the snow off their sidewalks. This is a matter that should not be neglected, and requires but a few minutes on the part of each householder. Unless we are mistaken, the ordinances of the city cover this negligence fully, and it is a matter of police jurisdiction. Should the neglect continue we suggest that Chief Goods take the matter up and issue proper instructions to his force.

Many of those having had the misfortune of having their cars stuck up in snow drifts in and near the city are busy this morning getting "Lizzie"—or whatever its name may be—into shelter, awaiting the time when the roads will be open for travel again.

The Richmond tonight is showing Tom Mix in a tale of twisted lives. This picture is taken from the Novel by Max Brand, and is entitled, "Tralin.' The Ingomar presents Texas Guinan in "The Stampede.' The Isle Hour, as its main attraction, has Edward Hatton in "The Fighter of Devil Dare."

Y. M. C. A. GYM CLASS

In response to many inquiries it is announced at the Y. M. C. A., that the regular gymnasium classes will be held at the Westminister Building this afternoon and evening. The Girl Scouts wil have their class at 3:30 this afternoon, the business and professional men's class will meet at 5:15, while the boy's pioneers will meet at 7 o'clock this evening, followed by the ladies' class at 8.

Winchester—The congressional Committee on Privileges and Elections has set February 7 as the date for hearing final arguements on the contested election case of John Paul Republican, Harrisonburg, against Representative Thomas W. Harrison, Democrat, Winchester.

FOR GREATER ALEXANDRIA

Irvin Diener Expresses His Views as to its Attainment

Prophesies That Alexandria Will Become Distributing Point For Vast Areas

Irvin Diener, president of D. Bendheim's, in talking to the Gazette reporter, says that one of the most important things for the building up of a better city is the better development of the sense of civic pride. All other things, he says are hinged upon this pride. His statement in detail follows:

"Civic pride for your own city will give greater impetus to a bigger Alexandria than any other single factor. We have a splendid city with wonderful possibilities, but unfortunately, we are not taking advantage of them with the result that Alexandria is not keeping pace with other progressive municipalities. Just because some proposition does not individually benefit you is no good reason why you should oppose it or show lack of interest in it. If it helps the city get behind it and BOOST!

"The White Way on King Street is a fine idea. It will prove to be a great advertisement for the city and I heartily favor it.

"Looking to the future, I predict that Alexandria will be quite an industrial center and for that reason the city should secure a large portion of our water front. In addition to industries we shall have highways leading to all parts of Northern Virginia and the Valley with the result that this city will be the distributing point, and in anticipation of that day, we should not suffer the handicap of not having proper wharfage facilities.

"The ferry to the Maryland shore is one of the most important projects. Opening up a wonderful territory, it will bring thousands of dollars worth of business to Alexandria. I hope to see it in active operation in 1922.

"Our Volunteer Fire Department is the finest in the United States and we should provide every piece of modern equipment that is needed. An aerial ladder would prove a great addition and is an absolute necessity if we are to successfully combat fires in our taller buildings.

"Last but not least, Mr. Reporter, I should say that a good newspaper can prove our most valuable asset. The Gazette with its continued wholehearted support of all that's good for the city, fearless to express its honest convictions, will prove a powerful force in the cause of good Government and a valuable ally in the fight of progress over politics."

A. H. S. BASKET-BALL

Only Two Games to be Staged This Week on Account of Examinations

Due to this being Examination Week at the High School, only two games of basket ball are scheduled to be played by the High School team The first of these games will be played on the Armory Hall floor tomorrow night against the five representing St. John's College of Washington. The St. Johns' team has been making quite a name for itself among the scholastic quints of the Capital this season, and the boys from this city are expecting a hard game. The second game will be played against the team of Hyattsville High School of Hyattsville, Md., Friday night, after the examinations are ended. This is a return game, the local boys having defeated them on their home floor early in the season, and an easy victory is anticipated.

Ample Supply of Coal

Many Haul Coal on Backs—Deliveries Soon to be Resumed

Many people were today seen carrying bushels of coal on their backs, it being impossible for the local dealers to produce any results in the matter of deliveries. The several coal dealers today told a Gazette representative that they realized the great need for coal, and that they would do all in their power to effectuate deliveries. The supply of coal is sufficient to look after the city needs. The dealers have asked the Gazette to tell the Alexandria people that they will effectuate deliveries at the earliest moment possible.

BAZAAR PLANS SOON READY

Many Entries For Popularity Contest at Bazaar Which Opens Feb. 6.

(Any young lady, married or single eligible).
Enter me in the Miss Alexandria Contest at once, please.
Name .....
Address .....
Phone .....
Clip this coupon and come at once to headquarters, Chamber of Commerce, Fairfax St., open day and night. Contest Committee.

The Miss Alexandria Contest which is being held in conjunction with the American Legion and Veterans of Foreign Wars joint Bazaar and Get-together Celebration at the Armory next week, has gotten under way and everything indicates a big list of Alexandria's fairest will compete for the honors and prizes.

The girls are all entering, chiefly in the spirit of helping the two organizations of world's war heroes make a big success of their joint undertaking, which will eventuate in the raising of a Relief and Welfare Fund to take care of the needy ex-service men. In the past, it has been up to the individual members to assist with their own personal funds in these cases, and the fund will alleviate this condition.

However, a Diamond Ring, donated through the efforts of vice commander J. E. Clegg, of the Veterans of Foreign Wars, by Castleberg's of which Mr. Clegg is the local manager. These prizes to be given the successful girls who participate in the Miss Alexandria Contest, will be displayed in the windows of the Castleberg Store on King street. Likewise the Baby Loving Cup and other prizes to be given away in the Baby Show and Contest will also be shown.

The Ladies Auxiliary of the American Legion will be active in the booths which will line the sidewalls of the Armory, and offer all sorts of pretty things at nominal sums.

Dancing every night, is good news to those who enjoy communing with the Goddess Terpsicore, and will follow after the baskeball games which are scheduled for each evening and bringing together several out of town crack basketeers organizations in competition with Alexandria's best teams.

Vaudeville acts will also be presented throughout the evening. The Legionaires and Veterans have each appointed vigilante committees to see that everything is conducted properly and that good order and good cheer prevails throughout the week. The publicity committee will finish up the job, hindered by the snowstorm, and distribute the balance of their signs today and tonight. A prize mask dance is scheduled for Thursday night of the big week.

Meetings Continue

Future Meetings to be announced From Night to Night—Third Week

The revival meetings at the Second Baptist Church were well attended yesterday, despite the prevailing weather conditions.

There will be a meeting tonight and future meetings will be announced from night to night.

The meetings have been a great success and many have united with the church.

Rev. E. M. Ramsey, last night brought a strong message on "Sin."

The musical feature under the direction of James B. McCravy, still continues to be a strong attraction. Many of the choruses have been so sung into the hearts of the juniors as to live there throughout life.

A cordial welcome is extended to the public.

Movie Manager Weds Here

Joseph P. Morgan, general manager of the Crandall Theaters in Washington and Miss Mary R. Bogert of Martinsburg, W., Va. were married in this city Saturday afternoon at the rectory of St. Mary's Catholic Church. The ceremony was performed by Rev. L. F. Kelly. They were accompanied here by Harry M. Crandall, owner of the Crandall Theaters and John J. Payette, assistant general manager. Mr. Morgan is one of the pioneer motion picture exhibitors of the District of Columbia.

AMERICAN JEWISH RELIEF COMMITTEE

Alexandria, Va.
January 30, 1922.

Editor Gazette,
Dear Sir:

The world's work now is to repair the ravages of war and all must lend a hand. The devastated places must be reclaimed that they may be repeopled. The sick and suffering must be cared for, disease and famine combatted and little children be given a chance to grow up into able bodied men and women.

America has not wholly escaped the scourge of war but our lot is like that of a wealthy man whose poor neighbor has been stricken; his house burned down, his wife and children sick and suffering from hunger, with no clothes save a few scanty and inadequate garments, and he himself maimed, miserable and helpless.

What would be said of the wealthy neighbor who would ignore that which had befallen the poor family who would pull down the blinds of his mansion, settle himself comfortably in an easy chair and say to himself: "It is no concern of mine."

Yet if no heed is paid to the war stricken regions we will be like that wealthy neighbor.

Moreover, all men are brothers, especially in distress, nor does anyone stop to ask when giving aid if the sufferer be Jew or Gentile, Christian or unbeliever. A life is a life; a maimed man is none the less maimed, a dying woman or a starving child is none the less kin, even if in far off Russia, or Poland or Serbia.

Nor should it be left for one to do this work of reclamation and rehabilitation. It is too much for one. All must aid.

Besides, the work must be done orderly, along organized lines, for the greatest good to the greatest numbers co-operating with work done by Herbert Hoover and the Red Cross, and systematically, that all suffers may be reached.

The Jewish American Relief work is done in co-operation with the work of Hoover and the Red Cross. The $14,000,000 to be raised in America will be devoted to aiding all people in the regions scourged by war, Jew and Gentile alike. There wil be no question of race or religion, there can be no question, under such circumstances.

The $14.000,000 will be used not only to help heal the sick, feed the famine stricken, but to help fathers and mothers restore their old homes, till their fields and raise crops. They are sick, helpless, starving, dying.

We all must come to their aid, everyone must help.

Join in this great work. LEND A HAND.

Please send all contributions to J. T. Preston, Treasurer, care Chamber of Commerce, Alexandria, Virginia.

Yours very truly,
L. RUBEN,
Chairman.

ARLINGTON COUNTY ACTIVITY

Another link in the long chain of Atlantic and Pacific Tea Company stores was added this week by the opening of a new branch at Lyon Park, Va. The store is immediately at the Lyon Park station in a new business building acquired from Lyon and Fitch by the Misses Frances Leonora and Gertrude Herger of Washington, D. C., and by them leased to the Atlantic and Pacific. Two small living apartments have been finished over the store and these will be leased to permanent tenants.

The business of the Atlantic and Pacific, which was first established in 1859 with one store, has so expanded that the corporation is now known as the largest grocery house in the United States and is today operating more than 5,000 branches located principally in the East and extending as far South as Tampa, Fla. A business estimated at $250,000,000 is done annually and is still rapidly growing.

In the District of Columbia and the territory immediately adjacent, the corporation has 80 branches. The location at Lyon Park is admirable, being at the junction of two principal streets and at the trolley stop.

In the early days of the Atlantic and Pacific, the stock carried consisted principally of coffees, teas, sugars and a few specialties. About ten years ago, the corporation began stocking a general line of groceries. Shortly after this the first "cash and carry" policy was inaugurated in stores around Jersey City and New York. They were known as Economy Stores and proved an instant success. They were rapidly increased, being established in the residential suburban sections of large cities. The expense of operation was rigidly supervised. With the costs of a large amount of bookkeeping eliminated, with the expensive system of deliveries abandoned and other economies effected, it was possible for the A. and P. to reduce prices materially under those at which they had sold previously.

COMMUNICATION

Editor Gazette:

It is with the greatest satisfaction that many of our citizens hear of the possibility of an appointment in Alexandria of a juvenile court judge.

The need for such an officer has long been felt by those who are interested in the welfare of the children and young people of our town, and the fact that at present we have not even a probation officer makes the necessity the greater.

Of course such an appointment would mean some slight expense to the city, but at a time when we are preparing to spend $12,000 to illuminate an already well lighted street we surely cannot with consistency plead economy or hard times as excuses for neglecting our children.

E. S.

IN MEMORIAM

RATCLIFFE—In sad but loving remembrance of our little daughter, ALICE VIRGINIA RATCLIFFE who left us three years ago, January 29.

Today recalls a memory
Of a loved one laid to rest,
And those who will remember her,
Are those who loved her best.
The Lord who gives has called away
To his will we must bow.
She is free from pain and suffering,
Not a pain can reach her now,
Oh how we loved you baby dear,
No hearth on earth can tell,
But God loved you better still,
And called you home to dwell.

25-1p. Mother and Daddy.

IN MEMORIAM

EVANS—In sad but loving remembrance of my dear mother ROBERTA EVANS, who departed this life 3 years ago today, January 30, 1922.

Although I cannot clasp your hand,
Your face I cannot see,
But let this little token show
I still remember thee.
Long days and nights she bore in pain,
To wait for cure, but all in vain,
For God knew what was best,
And took my dear mother home to give her rest.

By her devoted son,
25-1p. Leonard Evans.

The Needy Student reading late at night,
Bored through the Wall to steal his neighbor's Light.

An Army Marches On Its Stomach, Said Napoleon

The Great Corsican Knew That Success in Life Depends Upon Your Strength, Energy and Endurance.

By Harrison Vaughn

When Napoleon led his victorious armies through Europe, his worst enemies were not the nations defending themselves against his smashing onslaught; but he was confronted by the graver question of how to provide nourishing and strengthening food for his soldiers.

The Great Corsican realized long over a century ago, as has every commanding general since, that men's bodies must be perfectly nourished if they are to retain their natural strength, energy and vigor; in fact, that the very health of the human being is regulated almost entirely by the stomach. Under-feeding, insufficient nourishment, means loss of flesh, anaemia, lack of red blood and subsequent weakness of the entire system.

What such people need to enable nature to bring back their strength and vigor, restore their lost weight, and put them in fighting trim, with rich, red blood coursing through their veins is Tanlac, the powerful reconstructive tonic and body builder.

A man or woman suffering sour stomach, bad breath, biliousness, indigestion or gas on stomach, is unfitted either for physical or mental labor. Sufferers from these ailments find life a burden; they look on the world through blue glasses, the joy and rewards of the vigorous, happy, normally healthy person is not theirs. Their troubles embitter them against the world, destroy their ambitions the world, embitter them against and make their lives dull and unhappy.

How foolish to continue in this condition when on every hand throughout the length and breadth of the land, people by the thousands are daily testifying to the remarkable powers of Tanlac in conquering stomach troubles. This powerful reconstructive medicine builds up the weak and the despondent; gives them a new hope and happiness and a new lease on life.

Tanlac's name has been praised by hundreds of thousands. Testimonials from every corner of the United States and Canada have shown conclusively that even in cases where patients had almost given up all hope and where men and women had believed themselves doomed to a life of misery and suffering, Tanlac has overcome their troubles and brought back health, energy and happiness into their lives.

If you are not "fit as a fiddle" in the morning and don't feel better than when you went to bed; if your breath is offensive and you have that bad taste in your mouth, your body is not being nourished properly. What you need is Tanlac to restore you to normal so Nature can bring back the flesh you've lost, put the bloom of health in your cheeks, the spring of energy in your step and the sparkle of happiness and contentment in your eye.

Note—Tanlac Vegetable Pills are an essential and vitally important part of the Tanlac treatment. You cannot hope to get the most satisfactory results from Tanlac without first establishing a free and regular movement of the bowels. Tanlac Vegetable Pills are absolutely free from calomel and are sold on a positive guarantee to give satisfaction.

Tanlac is sold in Alexandria by Edgar Warfield, Jr., and leading druggists everywhere.

EXAMINATION WEEK

West End School Closed Today—Many Students Taking Week Off

Schools of the city, with the exception of West End School, opened as usual this morning, West End was closed on account of the snow, and the youthfulness of its pupils.

At the High School the mid-term examinations started this morning. These examinations will continue throughout the week. The schedule is as follows: Monday English, Tuesday, foreign languages; Wednesday, mathematics; Thursday, history; and Friday, science. All pupils making an average grade of 90 per cent or more are exempted from taking these examinations and consequently are taking a holiday this week. The second term will begin next Monday morning.

Examinations at Washington and Lee Schools, having been in progress from the past week will finish tomorrow morning the second term starting Wednesday.

VIRGINIA NEWS PARAGRAPHED

Pulaski—Mrs. Harry Semones, of Roanoke, president of the State Parent-Teacher Association, addressing the Pulaski Association Thursday night, stated Pulaski could secure the next state convention, which meets in March. She added an effort was being made to have William Jennings Bryan address the association. Action will be taken at the next meeting as to extending an invitation to the organization.

Roanoke—The Norfolk and Western Railway reduced its shop forces here this week 600. Most of the men laid off were employed in the locomotive department of the East End shops. Practically all these men will be taken back to work on February 1, according to information obtained from officials. Reduction in transportation on the road is said to be the cause of the big reduction in the working force.

Richmond—The inclemency of the weather is not expected to interrupt the fourth midwinter meeting of the Virginia Press Association, which is scheduled to begin at 2 o'clock in the mezzanine parlor of Murphy's Hotel, and extend through Tuesday, the meeting coming to an end at 6 o'clock Tuesday night, when the editors and their wives will attend the weekly dinner and meeting of the Richmond Advertising Club, as the special guests of The Richmond Times-Dispatch and The Evening Dispatch.

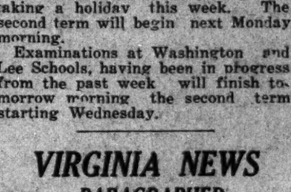
Charlottesville—Thomas Aubrey Mundy, aged 21 months, and Forrest Viar, aged 9 years, of Free Union, this county, who were bitten by a mad dog last Sunday afternoon, are now under the usual Pasteur treatment for rabies at the office of the County Health Department. The dog's head was sent to the Hygienic Laboratory, at Washington, and was found to contain the virus of rabies. The animal had been acting queerly for only a short time.

Strasburg—Plans are being completed for the construction of an up to date theater and the opening of a modern hotel in Woodstock, and operatons will be started on both of the big improvements in the spring. George E. McCormick, recently of Uniontown, Pa., who has but lately bought the Hotel Holtzman, is back of the plans.

Richmond—An oil painting of the late Rorer A. James, chairman of the state democratc central committee and representative from the Fifth congressional district painted from a favorite photograph, is on display in the clerks office of the house of delegates, and later will be sent to the Virginia Military Institute. The painting was ordered by the board of visitors of the V. M. I., Mr. James having been chairman of the board for a number of years.

S. S. S. Fills Out Hollow Cheeks, Thin Limbs!

Men and women,—whether you will ever build yourself up to your normal, just-right weight depends on the number of blood-cells in your blood. That's all there is to it. It's a scientific fact. If your blood-cell factory isn't working right, you will be run-down, thin, your blood will be in disorder, and perhaps your face will be broken out with pimples, blackheads and eruptions. S. S. S. keeps your blood-cell factory working full time. It helps build new blood-cells. That's why S. S. S. builds up thin, run-down people, it puts firm flesh on your bones, it rounds out your face, arms neck, limbs, the whole body. It puts the "pink" in your cheeks. It takes the hollowness from the eyes, and it fools Father Time by smoothing out wrinkles in men and women by "plumping" them up. S. S. S. is a remarkable blood-purifier. While you are getting plump, your skin eruptions, pimples, blackheads, acne, rheumatism, rash, tetter, blotches are being removed. The medicinal ingredients of S. S. S. are guaranteed purely vegetable. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.



AFTER EVERY MEAL
WRIGLEY'S

Satisfies the sweet tooth and aids appetite and digestion.

Cleanses mouth and teeth.

A great boon to smokers, relieving hot, dry mouth.

Combines pleasure and benefit.

Don't miss the joy of the new WRIGLEY'S P-K—the sugar-coated peppermint tid bit!

Veterans of Foreign Wars

Veterans of Foreign Wars of the United States, Russell Mitchell Post met last night and installed their newly elected officers for the year 1922.

Comrade Handy, director of V. F. W. Service Bureau, of Washington, was the installing officer.

We, working jointly with the American Legion, except to hold a Bazaar at the Armory during the week of February 6-11.

Now is the time for all of you Alexandrians who hold for the ex-service men honor and respect to come out and help us. We need your support, now.

Benefit Association

Alexandria Division No. 134, Benefit Association of Railway Employees, Installs Officers for 1922, and gives gold medal.

Alexandria Division No. 134, Benefit Association of Railway Employees had one of the largest meetings of the new year Tuesday evening, January 24th, 1922. The meeting was a special meeting but was held in the regular meeting hall corner, Prince and Royal street, at 8.00.

Brother Gordon M. Culver, National Secretary from the National office, Chicago, Ill., being present and a very large crowd was out to hear him, it being the first time Alexandria Division No. 134, B. A. R. E. having the opportunity and honor of having him with us. Rails.

(1)—The meeting was called to order by Past Conductor of the Division M. B. Thompson, who made the opening address and then introduced brother Gordon M. Culver, National Secretary who taken complete charge of the meeting. First giving the large crowd that was waiting the ritulistic and secret work of the division.

(2)—Brother Culver, made one of the finest addresses that division No. 134, having heard for a long time, but before telling the division the best part of the story the following officers were installed for the year 1922.

Hezzie F. Tait, conductor; Robert A. Bowman, engineer; Walter L. Loftin, re-elected secretary and treasurer for the third term also appointed journal correspondent in connection with the duties of secretary and treasurer.

The following being the trustees for the year 1922.

C. T. Martin, M. B. Thompson, (who was past conductor) Chas. Seablom, (in place of Roy P. Henderson).

The following officers as appointed by the newly elected conductor of division No. 134 were installed by brother Gordon M. Culver:

E. C. Mawyer, fireman; C. R. Blewett, motorman; W. C. Bowman, machinist; T. W. Sheets, flagman; C. F. Pugh, brakeman.

(3)—Address of Gordon M. Culver, national secretary:

Brother Culver, toldw the members of the division how that a little over nine years ago a small bunch of Railway boys on the Chicago and Northwestern Railway Company decided to get together and form some kind of a society of fraternity to help each other instead of the old plan of passing the hat when a fellow rail was injured or laid up on account of sickness, the beginning was very hard but the task was finished in about six months taking six months to secure a membership of 500 members necessary to secure a charter. The membership having grown from that smaller bunch of rails until at the present time the Benefit Association of Railway Employees, has a membership of over 61,000 which are to be found divided into 145 lodges or divisions where there are railway employees.

The Benefit Association of Railway Employees not only furnish protection but meet under the head of fraternity where all branches of the railways can meet and learn to know each other from all departments.

Brother Culver, having the honor of presenting to the Past Conductor of Division No. 134 a beautiful gold medal brother M. B. Thompson, which was given by the members of division No. 134, as their appreciation of his service as conductor of division No. 134, for the year 1921.

After the conclusion of brother Culvers' address, the following members of Division No. 134, made a few brief remarks of the benefits derived from being a member of the B. A. R. E.

Brother Wm. S. Risden, told some experience of passing the hat before the B. A. R. E. was instituted at Alexandria.

Brother, Thos. W. Berkley, told of how well the members of his craft the machinist on the Southern Railway Co., at Alexandria, Va., were in for the B. A. R. E.

Brother Robt. A. Bowman, advised that he was no orator but having been elected to the office of engineer of division No. 134, was requested to make a few remarks. Brother Tait, our newly elected conductor calling on the booster members of division No. 134, thanking that the territory was covered and that he would not be expected to give the boys his views was unexpectedly called on by brother Culver.

Brother Tait, is always on the job and gave the boys some valuable remarks.

(4)—Upon the request of some of the members brother Culver was again called on to explain the life department of the Benefit Association of Railway Employees.

The life department, being run under the similar plan of the life insurance of Old Line Companies except of the saving that would come back to the members in dividends while the old line companies, had about five times the expense of the B. A. R. E.

Brother W. L. Loftin, secretary of the division, explained to the boys that should any of them care to save on their insurance of the life department that the rates and plans would be explained to them. The matter having been brought up in the Division at several times.

The last speaker of the evening was our very prominent Oscar B. Pierpoint, who also told the boys of the life department, giving them some valuable advice.

The Division closed their evening by giving a smoker and get together meeting by asking questions of advice regarding the B. A. R. E.

Seminole Tribe No. 35 Improved Order Red Men

On Thursday, February 2nd, Seminole Tribe will have the adoption degree conferred upon a class of palefaces. The degree will follow the business session of the tribe. The meeting will be held in the wigwam of Seminole Tribe in the Alexandria National Bank building. Sachem Thos. M. Jones, invites all members of the order to come out and attend the meeting. Meeting called to order at 7.30 P. M.

Silver Moon Council No. 15. D. of P.

Silver Moon Council No. 15 D. of P. held a very interesting meeting on last Monday night. Several applications for membership was received and the degree was conferred on some palefaces.

The members of the council are looking forward to the Valentine Party on Monday, February 13th, and the First Anniversary Celebration on Monday, February 27th.

At the anniversary the Great Pocahontas and Great Sachem of the Great Councils of Virginia will attend and they will be accompanied by several other great chiefs from each of their great councils.

The committee in charge is making great preparation for the occasions and a large delegation is expected to turn out at both of these social sessions.

Knights of Columbus

"The world does change," Benedict XV, sovereign pontiff, of the Catholic Church has passed to his eternal reward, and Catholics and Protestants throughout the world honor and revere his memory as one of Christ's valiant sons and as a lover and defender of humanity. The mythical Pope concerning which the imagination of so many has conceived such erroneous ideas, is supplanted by the real Benedict who has ever proved himself a lover of Freedom, Humanity and Peace. An intellectual of the highest type, his physical frame was quite deceptive, for despite its objective frailty, the Holy Father has during his long life of 69 years spent but 47 cents in medicine. It is said that the Holy Father was particularly fond of Americans and things American; and those of the Knights of Columbus who made the tour to France and Rome in 1919 bear everlasting witness to the solemnity and grandeur and heartiness of the audience that His Holiness granted to the two hundred and fifty Knights of Columbus who enjoyed that wonderful tour. The sovereign pontiff well appreciated the work that the Knights of Columbus were doing in the promotion of American ideals and in the inculcation of personal virtues, and knowing this, it was easily to conclude that his blessings upon the order would flow as a natural course.

The council is deeply appreciative of the co-operation that is being given them by the lady relatives and friends of the local organization. Women have a peculiar treat of always helping the bearded sex, and by their tirelessness enabling their masculine co-humans to achieve ends otherwise probably that would never be accomplished. We particularly refer to the interest that the ladies are taking in the euchre parties that are held rather frequently at the council hall; and which, aside from the social value, do not fail to bring in additional revenue calculated to free, we hope shortly, our home from the debt that hangs over head. If the ladies ever want anything, just call on us, we might not be able to do as big things for the gentle sex as they have always done for us, but anyhow we'll do our best.

We hope our entertainment committee will succeed in getting another interesting ecclesiastic like Dr. Regester to give us another little talk. Really its so different; and aside from the enjoyment that such addresses offer, it givies us an opportunity to know our neighbors better and for them to get better acquainted with us. However we believe it would be quite impossible for Dr. Regester to know us better, judging from the "Charlies" and "Johns" and "Will" that comprised the titles with which the doctor addressed and shook hands with scores of our members. One of our K of C's was over to Washington last night and comes back with the report that Archbishop Curley, of Baltimore, is not only a promising successor of the great Cardinal Gibbons, but that he is even superior as an orator to the late Doctor Stafford the famous orator of St. Patrick's Church, Washington. Some day, inasmuch as the new Archbishop lived for seventeen years in an humble parish of Florida, where he was hardly able to pay two dollars a week board, he may probably condescend to come down to Alexandria and honor us by his presence—that is if the entertainment committee will get in touch with him and transmit to him our anxious wishes in this regard.

Osceola Tribe No.1 Red Men

Osceola Tribe No. 1 Red Men held their regular meeting in their Wigwam Wednesday evening and had quite a large attendance. Samuel Park won the prize in the box party, which was given by A. J. Mullen. Now Bro. Red Men you do not know what you are missing by staying away from our Wigwam. We meet at the same old place and the same old time, 7.30 p. m. every Wednesday night. Samuel Park will give a prize at our next meet, come and see who gets it. Deputy Great Sachem Henry Padgett from Seminole Tribe visited us at our last sleep and made some very interesting remarks for the good of the order. Carl J. Johanson, A. J. Butcher, W. M. Crump also made some very interesting remarks for the good of the order. We expect to have some very able bodied speakers to visit us in the near future, due notice will be given. Now brothers come out next Wednesday night and have a good time with us boys and see who will win the prize.

Sarepta Lodge No. 46, I. O. O. F.

Last meeting night the 2nd degree was conferred on a class of candidates On Wednesday night February 1st the 3rd degree will be worked and it is expected the good of the order committee will have something different in store and expect a large attendance.

Do not let this little snow keep you at home for the Lodge Room is warm and the evening will be most cheerful.

(This column will be published each week on Saturday, and is open to all Fraternal Orders of the city. Contributions should be sent to the Fraternal Editor so as to reach this office not later than nine o'clock Friday morning—Editor.)

CHILD LABOR DAY

The return of Child Labor Day, observed annually on the last Sunday of January, calls attention to the conditions surrounding the child worker on the farm, as shown in studies recently made by the United States Department of Labor through the Children's Bureau.

In sections of the Texas cotton belt included in these studies, young children work at hoeing and chopping the cotton, and even at heavier kinds of field work, such as plowing, harrowing, and cultivating. Practically every child ten years of age or over in the sections studied was employed in the fields at some time during the year; ten hours or more was the average working day, during the season, reported for more than half the children, and many reported an average working day of 12 hours or even longer. Although most of the children worked only a few months, much of the work falls at a time when school is in session. Teachers reported that a half or third of the children who should have been in school by September did not register until November or later. Illiteracy on the part of father or mother or both was reported for 7 to 9 per cent of the white families and about a third of the colored families visited. Many of the coming generations will be like wise handicapped if field work continues to keep them out of school.

When Monkeys fight they scatter Dirt;
When Tigers battle, One gets hurt.

TRINKLE AND THE NEAR EAST

Richmond Jan. 30.—Virginia was signally honored and the plan of operation worked out by Honorary State Chairman E. Lee Trinkle, State Chairman Oliver J. Sands and Regional Director Claude W. Hopper, all of Richmond, adopted for the entire nation at a meeting of the Regional Directors of the Near East Relief for the Eastern section of the United States in New York last week. Governor Trinkle was highly praised at the meeting for his interest in the Near East Relief. Although unable to attend the meeting in person, the "volunteer worker plan," which has been developed in Virginia successfully by Mr. Hopper. His speech on the work was the suggestion of the meeting.

It was brought out in the address that Virginia has more volunteer workers for its size than any State in the Union and that these workers are getting unusual results.

"Virginians could not give to a nobler cause, or sustain a nobler ideal than that of the Near East Relief," Governor Trinkle declared in commenting on the fight of the Near East Relief for funds through its volunteer workers. "Nor can those who give so freely of their time in this great Cause be complimented enough for their work in the interest of right. The Near East Relief has no greater reference of its character than the thousands who toil unpaid in its course here for the love of their fellow man in distress overseas."

"Virginias record is wonderful," Mr. Sands said, "but there are thousands overseas yet to be made self supporting, a whole nation to reclaim, and she could have no better purpose than salvation of this race and the oldest civilization in the world."

MONEY AND MARKETS

The real basis for confidence in the course of business in 1922 is now clear. Notwitstanding the severe depression during the past year, purchases by the American people in terms of physical volume were sufficient to absorb to a large extent accumulated stocks so that a gradual increase in output of many classes of manufactures may be expected Future needs must be supplied priarily from current production. This means greater business activity and explains the expansion in manufactures which has taken place in recent weeks.

The general tone of business during the first two weeks of January has been encouraging. The total physical volume of retail trade is good. Sales in agricultural districts continue slower than in cities, with trade in southern California cities better than in the remainder of the country. Necessities are selling much better than are luxuries, and this was characteristic of the Christmas trade. Although it is generally recognized that buyers in all lines will wisely continue to be cautious as to future commitments, it seems probable that there will be a moderately well sustained distribution of goods into wholesale as well as into retail channels.

Unemployment is unquestionably widespread, but probably its extent has been somewhat over estimated. Special measures undertaken to lessen it, particularly public works, are doing much to alleviate its worst features. The major part of the productive energy of the country is absorbed in clothing, feeding and sheltering the population. Farmers certainly will not buy heavily, but they must have such foodstuffs as are not produced on farms, as well as necessary clothing. They must buy some farm implements, for even with the more careful repairing which is increasingly practised, a certain proportion of farm machinery steaidly becomes unusuable. They will buy some fertilizer, and they will buy articles of conveninece and even of luxury to some extent.

Ralroads have made notable gains in economy of operation, and improved credit condtions have definitely bettered their outlook, although traffic is at present disappointing in volume. The heavy decline in tonnage, serious as it has been, has primarily been the result of lessened shipments of coal, iron or head similar heavy commodities. Reasonable buying of rails, cars, locomotives and other equipment may be expected during the current year.

The year opens with promise of actve building construction. With gradually declining yields on all classes of investments it may be expected that funds heretofore unavailable to the mortgage market will be turned into construction projects.

Labor has not been liquidated and building costs therefore are still far above prewar levels, and are out of line with prices generally. This condition operates especially against building and constructon for production of income, but not so heavily against individual enterprises for personal occupancy, or public buildings and public works.

Consequently the field of residence building and public construction offers the greatest promise. The housing shortage has not yet been met. The entire country needs high way construction, and there is wide spread necessity for essential public buildings. It is recognized as good public policy to carry on construction of these classes at times when industrial activity is at a relatively low level. Lower money is makng this construction possible. This is unmistakably shown by the volume of state, county and municipal bond issues in the United States in 1921. The total for the entire country is unavailable, but offerings are known to have exceeded $1,000,000,000.

The new Federal tax law, while not all that has been hoped for, is more favorable to business than the preceding act. In a period such as the present, in which losses have been widespread, the new net less provision will greatly benefit businesses which are struggling to reestablish themseives. Net business losses incurred in the calendar year 1921 or thereafter may be carried forward and deducted from the income of the succeeding year, and if need be, from that of the next succeeding year.

In the year ended June 30, 1921, actual tax receipts were $4,078,300,000. For the fiscal year 1922, receipts are estimated at $3,568,000,000, a decrease of approximately $1,400,000,000. This reduction in the aggregate of the federal tax levy is largely made possible by greater economy in expenditure, and signalizes the first definite achievement toward lessening the tax burden on the people of the United States. If expenditures for 1922 are rigidly held within the limits of estimated receipts the return of better conditions will have received a great impetus.

MOTHER, QUICK! GIVE CALIFORNIA FIG SYRUP FOR CHILD'S BOWELS

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste from the tender, little bowels and gives you a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on the bottle. Mother! You must say "California" or you may get an imitation fig syrup.

OFFICIAL

Common Council

At a called meeting of the Common Council of the city of Alexandria, Va., held January 29th, 1922 at 3 p. m. There were present H. R. Burke, esq., president and Messrs. McCaffrey, Ruben, Downham, Wattles, Desmond, Drury, Lawler and Deavers.

The president stated that the meeting was called by the Mayor for the purpose of taking measures for removing the snow blockade in the city.

The mayor and city engineer reported the conditions of the streets and the need of immediate action to relieve the situation.

A resolution authorizing the mayor and city engineer to remove snow, open streets for the fire department and safety of traffic, and appropriating sufficient funds for four days work from this date, was offered by Mr. Ruben and passed, ayes 9. Noes 0.

The board then adjourned to meet again on Wednesday, February 1st at p. m.

H. R. BURKE, President.
Teste: Daniel R. Stansbury, Clerk.

Buenos Aires has more than 500 drug stores and more than 600 perfume shops and beauty parlors.

Valparaiso, Chile, is endeavoring to raise the large number of steamships that were sunk in the harbor during gales of recent years.

BOARD OF ALDERMEN

Official

At a called meeting of Board of Alderman held this day there were present Messrs. Summers, Anderson, Robinson, Wilkins and Rammel. A resolution was received from Common Council authorizing the Mayor and City Engineer to proceed to have the streets cleaned immediately and an appropriation of such money as was necessary to carry on the work was assured.

Passed Ayes 5, Noes, 0.
C. J. W. Summers Acting President.
M. Wilkins, Clerk Pro Tem.

AUCTION SALE

"Soulmate" of Garland Defies World

Explaining her theories of love and life, Lillian Conrad, soultwin of Charles Garland the man who spurned a fortune, says: :"I defy the whole world to move from the love I bear for Charles Garland. If he meets another woman whom he loves more than he loves me I shall be content." Garland left his wife and baby.

Christensen and Lenine Confer in Moscow on World Conditions

This exclusive photograph, just received from Russia, show Lenine, Soviet Chief and Parley Christensen, who ran for President on the Farmer-Labor ticket in 1920, conferring at Lenine's headquarters in Moscow. Christensen is on a mission to Russia from the U. S. Government.

Sentenced to Spend Week Ends in Jail

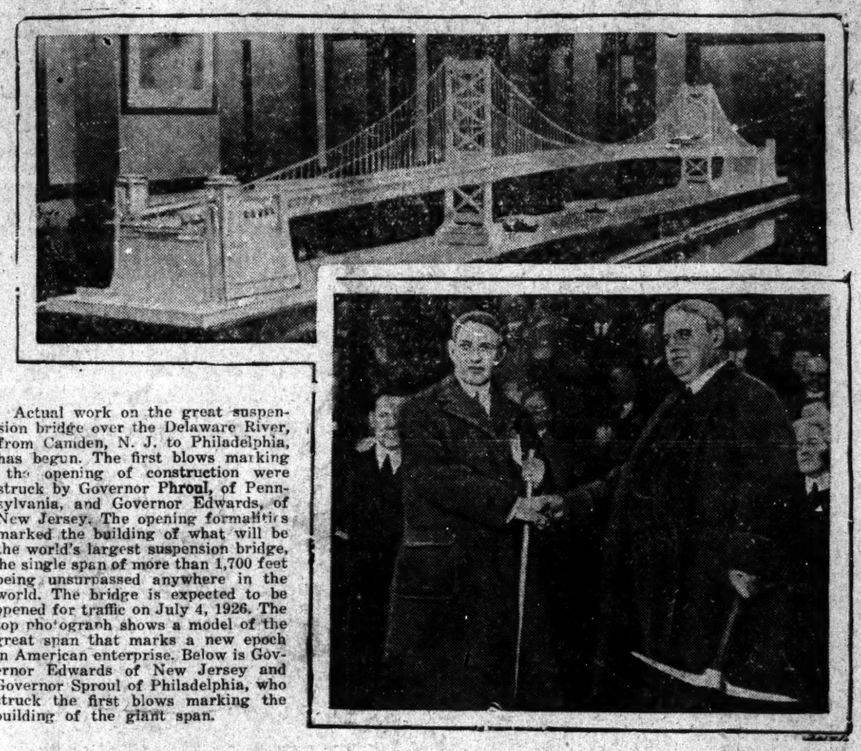
August Schmebergen of Jersey City, N. J., was sentenced to thirty days in jail for annoying young women. His wife, with three children, shown in the above photokraph, pleaded for leniency for her husband, saying the family would starve without his support. The Court decided that the prisoner must spend his week-ends from Saturday noon until Monday morning, in jail for twenty weeks.

Women Play Important Part in Turf Racing

The turf season, now well under way in Southern cities, has introduced many women as owners of high-bred horses. Since the early 80s, when the famous "Jersey Lily" Langtry owned, raced and bred a string of thoroughbreds, there has always been a number of the gentler sex directly interested in the "Sport of Kings.

Among the prominent New York women who are active at the various tracks are:: Mrs. Payne Whitney, Mrs. E. B. Cassatt, Mrs. George W. Loft and Mrs. Robert L. Gerry. Mrs. C. C. Rumsey hails from Idaho.

Begin Work on World's Largest Bridge



Actual work on the great suspension bridge over the Delaware River, from Camden, N. J. to Philadelphia, has begun. The first blows marking the opening of construction were struck by Governor **Phroul,** of Pennsylvania, and Governor Edwards, of New Jersey. The opening formalities marked the building of what will be the world's largest suspension bridge, the single span of more than 1,700 feet being unsurpassed anywhere in the world. The bridge is expected to be opened for traffic on July 4, 1926. The top photograph shows a model of the great span that marks a new epoch in American enterprise. Below is Governor Edwards of New Jersey and Governor Sproul of Philadelphia, who struck the first blows marking the building of the giant span.

Society Kiddies Keep Away From Wintry B lasts at Palm Beach

Palm Beach during the Winter months in the rendezvous of society folks who spend their time here, far away from the howling winds and snow storms which barrage their Northern homes. Here we see a group of kiddies enjoying themselves at the well-known resort.

WOMEN THE WORLD OVER ...

The cannibal women of New Guinea paint their faces.

Many Arabian woman spend from $500 to $1,000 a year for perfumes.

Russian women have the reputation of being born politicians and diplomats.

To have a delicate complexion Spanish women in South America eat clay.

The average English woman is two inches taller than the average American woman.

Women throughout Mongolia have been directed to dispense with wearing veils.

In Paris the surplus of women is greatest between the ages of twenty and twenty-nine.

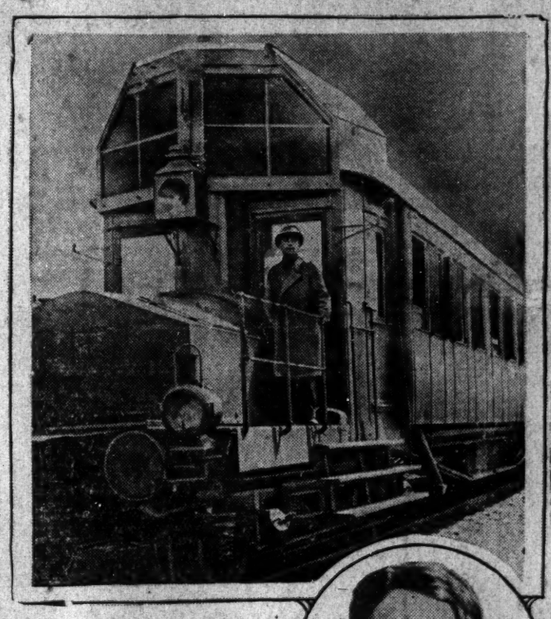
Dr. Jennie C. Murphy, who bosses construction gangs and street cleaners at Yankton, S. D., is the only woman street commissioner in the world.

Mrs. Carlia S. Westcott of Seattle, Wash., has the distinction of being the first American woman to be granted a license to work as a marine engineer.

Mrs. Harding in Role of Girl Scout Leader

Mrs. Warren G. Harding in the uniform of Commander-in-Chief of the Girl Scouts of America. "Laddie Boy," the White House Pet, insisted on getting in the photograph.

Russian Devises New Electric Train



Here is shown the first complete electric train devised from plans drawn by I. I. Makhonin, a Russian electrical engineer. Motive power is supplied by great electro-motors capable of 3,000 horsepower each. The run from Moscow to Petrograd, a distance of almost five hundred miles, is made without stopping to reload the motors. Details concerning the construction of these powerful accumulators are kept secret, the Soviet Government, which sponsored the construction of the electric train, refusing to allow the information to be made public. Below is J. I. Makhonin, the inventor.

Boy Attempts Spicide When Pet Dies

Russell Mueller, a Chicago youngster, had a pet dog named Peggy. Peggy died, and, grief-stricken, Russell attempted suicide, shooting himself in the hip. The hipbones were shattered, and the boy will be a cripple for life. Doctors had given up hopes of saving the boy, but a Chicago woman presented Russell with her pedigreed bull-pup, and the boy is now on his way to recovery, at least from a broken heart. Here is Russell and his new pet, which he has named Peggy in honor of his dead pet.
